Empathy is that you feel what someone else is feeling, that is, that you perceive the world just as someone else does. Compassion, however, is about feeling warm and positive about others and feeling for someone, not feeling with them.

~~Against Empathy: The Case for Rational Compassion: Bloom ...~~

"Against Empathy" does a nice job summarizing all the limitations of empathy, and our altruistic drives more generally, such as being nicer to our kin and neighbors, and being especially prone to newsworthy suffering and insensitive to numbers, scale, and efficacy.

~~Against Empathy: The Case for Rational Compassion by Paul ...~~

Empathy is biased, pushing us in the direction of parochialism and racism. It is innumerate, favoring the one over the many. It can spark violence; our empathy for those close to us is a powerful force for war and atrocity toward others. It exhausts the spirit and can diminish the force of kindness and love.

In AGAINST EMPATHY, Bloom reveals empathy to be one of the leading motivators of inequality and immorality in society. Far from helping us to improve the lives of others, empathy is a capricious and irrational emotion that appeals to our narrow prejudices. It muddles our judgment and, ironically, often leads to cruelty.

So one problem with empathy is it misdirects our action. Another problem with empathy is that it's used as a tool for violence and aggression. For every atrocity, every poorly thought-out war, people use empathy as a way to elicit aggression. Inevitably, for any discussion, sooner or later, we have to discuss Trump.

~~Paul Bloom: The case for rational compassion - Nonzero~~

Against Empathy: The Case for Rational Compassion. Paul Bloom. New York Post Best Book of 2016. We often think of our capacity to experience the suffering of others as the ultimate source of goodness. Many of our wisest policy-makers, activists, scientists, and philosophers agree that the only problem with empathy is that we don't have enough of it.

~~Against Empathy: The Case for Rational Compassion | Paul ...~~

Against Empathy ends with the conclusion that empathy is a thoroughly bad compass for making choices and informing decisions, particularly those with a moral dimension. What Bloom suggests we should do is jettison empathy altogether, and replace it with what he dubs "rational compassion".
