Dyadic Relationship Scale A Measure Purpose: This study evaluated the psychometric properties of the Dyadic Relationship Scale (DRS), which measures negative and positive dyadic interactions from the perspective of both the patient and the family caregiver. An important aspect of evaluating the DRS was that it be statistically sound and meaningful for both members of the dyad.

Dyadic Relationship Scale: A Measure of the Impact of the

The Dyadic Adjustment Scale (DAS) aims to assess the degree of harmony or overall adjustment of the partners in a relationship. Professor Spaniel, responsible for this questionnaire, noted that: "To measure the dyadic adjustment of a relationship based on dimensions such as the possible differences between the couple, tensions, the presence of anxiety in the relationship and its intensity, the degree of satisfaction, cohesion and ease or difficulty in reaching agreements.].

The Dyadic Adjustment Scale for Relationships—Exploring

Relationship Scale (DRS), which measures negative and positive dyadic interactions from the perspective of both the patient and the family caregiver. An important aspect of evaluating the DRS was that it be statistically sound and meaningful for both members of the dyad.

Dyadic Relationship Scale: A Measure of the Impact of the

Description of Measure: A 14-item scale designed to measure relationship satisfaction. The RDAS is a revised version of the original Dyadic Adjustment Scale (Spanier, 1976 [see this website for information on the original]). The revised version offers improved psychometric properties, is shorter, and includes only 3 of the original 4 subscales:

DYADIC ADJUSTMENT SCALE (DAS) — Felzer-Institute

Purpose: This study evaluated the psychometric properties of the Dyadic Relationship Scale (DRS), which measures negative and positive dyadic interactions from the perspective of both the patient and the family caregiver. An important aspect of evaluating the DRS was that it be statistically sound and meaningful for both members of the dyad.
