Research papers on the philosophy of human nature discuss many theories in the philosophy of human nature. Human nature is defined as the set of distinguishing characteristics that human beings display outside of the influence of culture. As a result, thinkers have long sought to answer some of the basic questions of the philosophy of human nature, pioneered by Socrates.

Philosophy of Human Nature Research Papers
Thousands of scientists have switched their research interests to COVID-19, which could have a lasting effect on the scientific landscape, Elizabeth Gibney reports for Nature. Of the 1,000 COVID-19-related papers posted on the preprint server arXiv, 45% are authored by researchers who usually publish in high-energy physics and condensed-matter physics.
